Compact Cultivation, the main problem in Rape farms

The manager of Euralis Company, the biggest seed producer in the world in a workshop said: I visited some rape farms in Hamedan, Qazvin, Shiraz, Mashhad and Ardebil that the date of Cultivation and Pest management were good. But, the compact cultivation in these farms was a basic problem to achieve a good crop.

To dissolve this obstacle must decrease the seeds amount in the farm. He emphasized: low compaction causes roots spreading and the resistance against freezing, hot weather and low watering.

In this method the plant goes to 8 leaves very soon, and is resistant to pests and weeds.
