

the country. All of these activities are to increase the milk and meat production. About the statistics in agriculture sector said: most of them are unreal.

## **Mechanisation, a permanent Evolution in sustainable Improvement**

From 1392 till now, three credit line for the sum of 2,500, mild toomans allocated to mechanization. The first was 700 mild. tommans, the second was 800 mild. tommans and the third was 1000, mild. tommans. The fourth line forecasted to 1200 mild. toomans that will pay to applicants in current year.

Dr. Kambiz Abbasi, Mechanization Improvement Centre Director in an interview said: Tractors are essential factors in agriculture sector, because accompanied by every tractor, few implements enter the farms.

He added: we organized in a 12 year plan to apply 20/000 To 25000 tractors and 45,000 to 55/000/ of implements, because we believe that mechanization is the main factor for sustainable improvement in agriculture sector.

## **Iran – Germany mutual agreement in Agricultural Activities**

In a mutual meeting between Jihad-e-Keshavarzi Minister, Eng. Mahmood Hojati and Christian Smith, German Food and Agriculture Minister, Eng. M. Hojati said: the cooperation between Iran and Germany has been decreased in recent years. He added: the cooperation in research, Genetics, implements and agricultural machineries and exporting special crops from Iran including pistachia, date and raisins were discussed.

Eng. Hojati continued: a common group is organized to follow the results. In machineries medicines and chemicals some negotiations were held. About herbs and their processing we will cooperate as soon.

## 200 mild. Toomans Allocates to Dairy Export

It is long time that raw milk production is involved in an endless undesirable circle. And the minister`s official order did not solve the problem.

Iran qualified dairy exports to neighbor countries in 600/000 ton, is faced to European dairies in lower costs. This is an additional problem to Iranian farmers.

To dissolve the farmers and dairy industries problems a package of 200 mild. Toomans subsidiary is suggested to pay to dairy producers.

This subsidiary enables dairy companies to buy raw milk from farmers and present in foreign markets.

Eng. Rokny in an interview said: we are faced to increased production in 8 provinces, and the allocation of this subsidiary to dairy industry makes possibilities in raw milk markets for them. It is necessary to allocate a percent of this money for improving milk drinking in the country.

## Different Look to Agriculture

Eng. Iraj Eskandri, the former minister of Jihad-e-Keshavarzi Ministry and Executive Director of Kosar Economy organization at now, replied reporters questions in an interview.

He said: we emphasis on domestic production and try to ascertain the “we can” motto. We believe that all of the companies must step to “resistant economy”.

He told about the failure in “wheat self – sufficient” program: in that time we sent experts to farms, but now, all of them have gone out of fields.

I have said that we can supply food for 300 million people by these water and soil on the condition we apply the science on farms.

He added: this organization tries to transfer sciences from all over the world in

In the name of GOD
