

Paying 85 % subsidy for new irrigation system caused to a 1000 miliard tomans debts to contactors, executers and manufacturers that causes undesirable effects on agriculture economy in future.

Mechanization developments in three last years

In the second part of conversation with Dr. Kambiz Abbasi, director of agricultural mechanization centre, the impacts of the credits for mechanizing the agriculture sector was surveyed. Dr. Abbasi compaired the last three years with last thirty years and said: we paid serious attention to culture, saving and harvesting of rice, so the harvesting combines raised from 1108 to 3709. And in those 3 years, 1775 seedling machineries were added to our farm implements.

During 3 years more than 58490 tractors were added to the tractors. We belive that these credits have increased the efficiency in agriculture sector.

Brexit: English Poultry and animal producer's anxiety

In this issue an essay about Brexit and its impacts on Poultry and animal producers and economical conditions after Uk releasing from Europe union is transtated. This writing survey the concerns of agricultural managers such as Meurig Raymond, the President of UK agriculture group and John Reed, the poultry producers council Director.

11th Government not to demagogy

Faranak Masoudi says in this essay that economists in 11th Government have been faithful to their under talkings. In spite of cash deficit, they did not publish banknotes that caused to more inflation. Writer pointed to economic depression and said that government could to publish banknotes as a demagogy, but this money could increase the inflation to 60 %.

Deliverance from Traditional Agriculture by increased efficiency

In the editorial of this issue, Mansoor Ansari, according to “fourth summit about autumn cultivation” that held by attendance with agriculture Minister and his assistants and more than 600 agriculture organization managers and many prominent farmers in grains, sugar beet and oil seeds, pointed to agricultural policies that established at the beginning of 11 th government.

The main decision was to obtain more produce and efficiency without increasing the farms. Some statistics were showed to study the changes from semi- economic agriculture to economic agriculture.

9th Agriculture infrastructures Technologies Exhibition will be held in Karaj Oct. 18-12

As the past year this exhibition will be held on mechanization developments, new irrigation systems, green houses, tissue culture and seedling aims. It will be disposed in exhibition site in Golestan Golshahr Karaj at Oct. 18-21.

This exhibition sponsored by Jihad-e-Keshavarzi Ministry and has exhibitors and visitors from all over the country.

So many believe that this exhibition has been a factor in sustainable agriculture and saving water, so, it is named to “Karaj Irrigation Exhibition”.

Assistants and Manager`s decisions can result to stagnation in future year

The 5.6% economy growth in agriculture sector in last year is confirmed by all of the economical sections of the Government. But, extravagante in non - planned and non – budget programs like improving the irrigation system can cause recession in economy.
